

## Andrew Millspaugh

---

**Email:** millspaugh@wisc.edu

**Advisor Name:** Jim Tinjum

**Graduate Program:** GLE Student

**Previous Education:**

University of Delaware - 2008

Bachelors in Environmental Engineering

Minors in Civil Engineering and Economics

**Research Focus:**

Current research is on the physical characterization and investigation into the heaving phenomenon of Chromium Ore Processing Residue. Experiments involve specific gravity tests; mineralogical conversion of specimens through wet/dry cycling; and eventual construction of long term columns to recreate and quantify volumetric expansion.

**Outside Interests:**

Enjoy most outdoor activities including rowing, skiing, hockey, running, biking, swimming, triathlons, and any pick-up sport with friends.
